

1. What name would you like us to use for you?

Raegan

2. What pronouns?

She/Her

3. What's the best contact number to use if we need to reach you on short notice? (Or if you need to reach us!)

(913) 909-1421

4. What prior experience have you had with ecology or field work?

I've been working with the Bever/Schultz lab for the past year. I also had the opportunity to do an REU with them, where I studied the effects of plant species richness on insect herbivory.

5. What fascinates you? (pick a thing or two and share a bit of the fascination)

I am really fascinated by wetland and prairie ecosystems . Both ecosystems are so diverse and provide all kinds of benefits that many people don't realize. I also think they are some of the underrated ecosystems that don't get talked about as much by the public, especially prairies.

6. Is there anything else you would like us to know about you before the course starts? Please include any concerns you have about being outdoors and completing academically rigorous work.

I don't have any concerns.
